They are resistant to household chemicals.

The designs can suit all types of tastes and can be accommodated in all households.

Tile is double fired in kiln for hardening, hence, if installed correctly, these tiles can ensure durability for decades.

Inkjet Wall Tiles:

Inkjet Tiles go through the process of printing digital-based images directly onto the tile.

Glazed Matt or Glazed Glossy Ceramic:

A thin coat of liquefied glass with a layer of matt coat or glossy glaze is applied over the top surface of ceramic tile.

Using them on interior and exterior walls. They are well-suited for domestic bathroom walls & can also be installed on bathroom flooring. They can be used as a design element in bedroom, living room and drawing room. Also, we recommend using these on the backsplash areas of your modern, transitional or traditional kitchen.

Additionally, in commercial wall spaces such as offices and restaurants, these could be used for backsplashes in kitchens, coffee corners and bathrooms to add a modern & elegant look. Use these tiles to maintain hygiene while adding a traditional look to enhance the beauty of your living spaces. These can also be used in other spaces creatively to enhance the overall design theme.
