Size: 10x20 inches, 250mm x 500mm

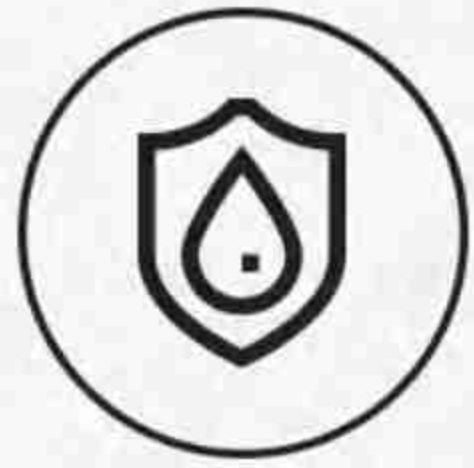

Benefits of Using Ceramic Tiles

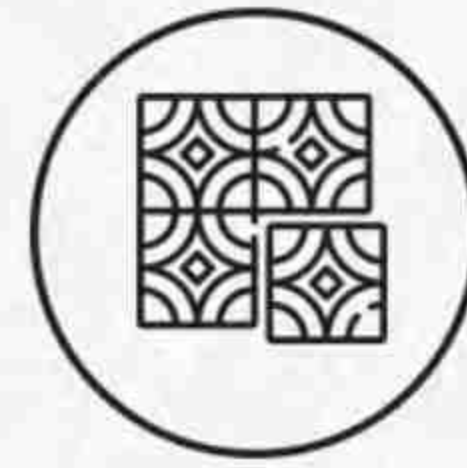

Due to the glaze coating on the Stile Ceramic tiles, they are resistant to stains and fading.

Due to their finish, Stile Ceramic tiles are hygienic, easy to clean and low maintenance.

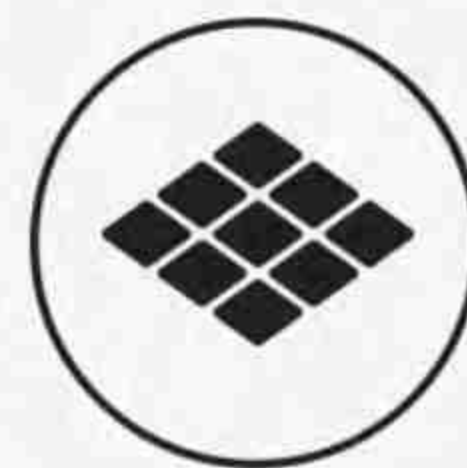

They are resistant to household chemicals.

The designs can suit all types of tastes and can be accommodated in all households.

Tile is double fired in kiln for hardening, hence, if installed correctly, these tiles can ensure durability for decades.

The installation of these tiles is ideal, easy and hassle-free.

Glazed Matt or Glazed Glossy Ceramic:

A thin coat of liquefied glass with a layer of matt-coat or glossy glaze is applied over the top surface of ceramic tile.

Inkjet Wall Tiles:

Inkjet Wall Tiles go through the process of printing digital-based images directly onto the tile.

Stile Recommends:

Using them on interior and exterior walls. They can be used as a design element in bedroom, living room and drawing room. Also, we recommend using on the backsplash areas of your modern, transitional, or traditional kitchen. Well-suited for domestic bathroom walls or making feature walls. They may also be installed in bathroom flooring.

Additionally, in commercial wall spaces such as offices and restaurants, these could be used for backsplashes in kitchens, coffee corners and bathrooms to add a modern & elegant look. Use these tiles to maintain hygiene while adding a traditional look to enhance the beauty of your living spaces. These can also be used in other spaces creatively to enhance the overall design theme.

Note: Use these tiles with Stile Porcelain tiles.
